Support Future Nevada Teams

In order for these students to compete at the national level they must first qualify at the annual Nevada FFA State Convention. The Nevada FFA Foundation seeks funding each year for the various competitive events and activities at the state convention. Not only does this state experience prepare students for national competition, it also prepares them to be successful in life. Many businesses and individuals have helped prepare Nevada's students through their state convention sponsorship. If you are interested in becoming a supporter, please visit www.nvaged.com.
